**Date: Thursday, February 24th, 2022**  
**Location: HELD REMOTELY Via ZOOM**

This Virtual Meeting is held pursuant to Executive Order N-29-20 issued by Governor Newsom on March 17, 2020 that directs Californians to follow public health directives including canceling large gatherings. The Executive Order also allows local legislative bodies to hold meetings via conference calls while still satisfying state transparency requirements. Executive Order N-33-20, prohibits people from leaving their homes or places of residence except to access necessary supplies and services or to engage in specified critical infrastructure employment.

Note: Pursuant to the Brown Act, Section 54953(b)(2). Section (b) (2) requires that all votes taken during a teleconference meeting shall be by roll call. Any agenda item may be discussed in a different order, if necessary. The Board may take action whether items are listed as action, information or discussion. The meeting is being held solely by remote means and will be made accessible to members of the public seeking to attend and address the Board solely through the phone number set forth below.

**RESOLUTION 2022-02**

**RESOLUTION OF THE HONEY LAKE VALLEY RESOURCE  
CONSERVATION DISTRICT (RCD)**

**A RESOLUTION OF THE BOARD OF DIRECTORS OF THE HONEY LAKE VALLEY  
RESOURCE CONSERVATION DISTRICT MAKING FINDINGS IN ACCORDANCE WITH AB  
361 AND GOVERNMENT CODE SECTION 54953, AUTHORIZING REMOTE  
TELECONFERENCE MEETINGS OF THE LEGISLATIVE BODIES OF THE HONEY LAKE  
VALLEY RESOURCE CONSERVATION DISTRICT**

**February 24th, 2022**

WHEREAS, all meetings of Honey Lake Valley County Resource Conservation District's ("District") Board of Directors meetings are open and public, as required by the Ralph M. Brown Act (Cal. Gov. Code 54950 – 54963), so that any member of the public may attend, participate, and watch the District's legislative bodies conduct their business; and

WHEREAS, Governor Newsom signed AB 361, amending the Brown Act, including Government Code section 54953, subd. (e), that makes provisions for remote teleconferencing participation in meetings by members of a legislative body, without compliance with the requirements of Government Code section 54953, subd. (b)(3), subject to the existence of certain conditions; and

WHEREAS, a required condition of AB 361 is that a state of emergency is declared by the Governor pursuant to Government Code section 8625, proclaiming the existence of conditions of disaster or of extreme peril to the safety of persons and property within the state caused by conditions as described in Government Code section 8558; and

WHEREAS, on March 4, 2020, Governor Newsom issued a Proclamation of State of Emergency in response to the COVID-19 pandemic; and

WHEREAS, the proclaimed state of emergency remains in effect; and

WHEREAS, California Department of Public Health and the federal Centers for Disease Control and Prevention caution that the Delta variant of COVID- 19, currently the dominant strain of COVID-19 in the country, is more transmissible than prior variants of the virus, may cause more severe illness, and that even fully vaccinated individuals can spread the virus to others resulting in rapid and alarming rates of COVID-19 cases and hospitalizations (<https://www.cdc.gov/coronavirus/2019-ncov/variants/delta-variant.html>); and

WHEREAS, the District is committed to preserving and nurturing public access and participation in meetings of the Board of Directors and to protecting the health, welfare, and safety of the participants; and

WHEREAS, the Board of Directors does hereby find that the COVID-19 emergency has caused, and will continue to cause, conditions of peril to the safety of persons within the District that are likely to be beyond the control of services, personnel, equipment, and facilities of the District, and deems it necessary to find that meeting in person for meetings of all District-related legislative bodies as well as subcommittees of the Board of Directors subject to the Ralph M. Brown Act, would present imminent risks to the health or safety of attendees, and thus intends to invoke the provisions of AB 361 related to teleconferencing as provided in Government Code section 54953, subd. (e); and

WHEREAS, all teleconference meetings of the Board of Directors of the District and any legislative bodies of the District shall comply with the requirements to provide the public with access to the meetings as prescribed in section 54953; subd. (e)(2).

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Honey Lake Valley Resource Conservation District as follows:

1. Recitals set forth above are true and correct and are incorporated into this Resolution by this reference.
2. The Board finds that meeting in person for meetings of all District-related legislative bodies subject to the Ralph M. Brown Act would present imminent risks to the health or safety of attendees.
3. Staff is directed to return to the Board of Directors no later than thirty (30) days after the adoption of this resolution, or by the next Board of Directors meeting (whichever comes first), with an item for the Board to consider making the findings required by AB 361 in order to continue meeting under its provisions.
4. The District Executive Director is hereby authorized and directed to take all actions necessary to carry out the intent and purpose of this Resolution including, conducting open and public meetings in accordance with Government Code section 54953, subd. (e), and other applicable provisions of the Brown Act.

THE FOREGOING RESOLUTION WAS DULY AND REGULARLY ADOPTED by the Board of Directors of the Honey Lake Valley Resource Conservation District at its special meeting held on the 24th day of February 2022, by the following vote:

Adopted on following motion by Director \_\_\_\_\_ seconded by

RE: Dixie Fire West Reforestation Project

To Whom it May Concern:

The Honey Lake Valley Resource Conservation District strongly supports Lassen Fire Safe Council's CAL Fire Forest Health Dixie West Reforestation Project that will restore forest health, improve wildlife habitat, improve watershed condition and help protect communities. The Dixie Fire project is an approximately 5,000-acre ecosystem management project located within a wildland urban interface zone (WUI) north & east of the communities of Westwood, Clear Creek and Pine Town in western Lassen County. Within the WUI, human habitation is mixed with areas of flammable wildland vegetation. This reforestation project can be considered a fuels management project, in addition to a reforestation project, in that restoring the timber stand will help reduce fuel loads by forestalling the conversion of the burnt landscape to brush fuels with underling burnt trees.

The CAL FIRE Dixie Fire Reforestation Project will also complement the Dyer Mountain CAL FIRE Fire Prevention project that is currently underway to the south. The project would expand the ongoing landscape scale forest and watershed restoration treatments, increasing the effectiveness for forest health and public safety within and around the project area.

The Honey Lake Valley Resource Conservation District (HLVRCD) is committed to being the California Environmental Quality Act (CEQA) lead agency for the *Dixie Fire West Reforestation Project* project being submitted to SNC by the Lassen Fire Safe Council, Inc. (LFSC).

Please accept this letter of support for funding assistance from CAL FIRE.

Sincerely,

Jesse Claypool  
Chairman of the Board, HLVRCD

RE: Dixie Beckwourth Reforestation Project

To Whom it May Concern:

Honey Lake Valley Resource Conservation District (HLVRCD) is in strong support of Lassen Fire Safe Council's CAL Fire Forest Health Dixie Beckwourth Reforestation Project that will restore forest health, improve wildlife habitat, improve watershed condition and help protect communities. The Dixie Beckwourth project is an approximately 5,000-acre ecosystem management project located within a wildland urban interface zone (WUI) in vicinity of the communities of Susanville, Janesville, Milford and Doyle in Eastern Lassen and Plumas Counties. Within the WUI, human habitation is mixed with areas of flammable wildland vegetation. This reforestation project can be considered a fuels management project, in addition to a reforestation project, in that restoring the timber stand will help reduce fuel loads by forestalling the conversion of the burnt landscape to brush fuels with underling burnt trees. The nearby communities, and the project area, have been classified as a Very High Fire Hazard Severity Zone by CAL FIRE making it a clear candidate in need of fuels management.

The CAL FIRE Dixie Beckwourth Reforestation Project will also complement the Thompson Peak Initiative projects that are currently underway to the south. The project would expand the ongoing landscape scale forest and watershed restoration treatments, increasing the effectiveness for forest health and public safety within and around the project area.

The Honey Lake Valley Resource Conservation District (HLVRCD) is committed to being the California Environmental Quality Act (CEQA) lead agency for the *Dixie Beckwourth Reforestation Project* project being submitted to SNC by the Lassen Fire Safe Council, Inc. (LFSC).
